Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Tuesday 25 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunny spells and scattered showers, locally heavy.

Today:
A largely cloudy start, with scattered showers and some sunny spells developing through the morning. Into afternoon, showers turn locally heavy, perhaps thundery with sunny spells between. Breezy along the coast. Maximum temperature 14 deg C (57 deg F).

Tonight:
During the evening showers gradually clear south with lengthy clear spells developing behind. Overnight, initially remaining largely dry before cloud and showery rain spreads into the north. Minimum temperature 2 deg C (36 deg F).

Wednesday:
Cloud and showery outbreaks of rain in the north spreading south through morning. Sunny spells and scattered showers developing from the north through afternoon. Turning drier and clearer through evening. Maximum temperature 17 deg C (63 deg F).

Outlook for Thursday to Saturday:
Largely dry with sunny spells on Thursday, perhaps the odd shower. Mostly cloudy on Friday with light rain at times in the west. Sunny spells through Saturday. Temperatures becoming warmer.
